### ***caring for urban jungle™***

- fabrics can be sponge cleaned with warm water, using a mild natural soap. do not use detergents or bleach.
- improper care will void any warranties. do not use the urban jungle™ if deterioration is detected or suspected.

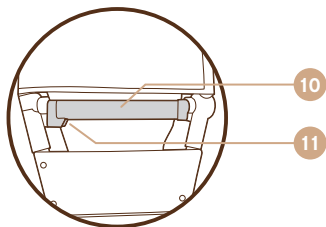

## important information

### *tyres and tubes*

- the valve is car-size. manually inflate to 20 – 22psi max. releasing air gives a softer ride but lower pressure reduces tread life.
- tyres and tubes are not under warranty. do not over inflate. tyre pressure is affected by heat especially when inside parked cars.
